**Highly Recommended**

Burnt orange color; impeccable purity. Wow, there's all sorts of aromatic activity going on here in the opening fragrance, including traces of black peppercorn, clove, cinnamon, baked cherry, prune Danish, molasses; later sniffs pick up vegetation/forest, leaves, black tea, dry stone/slate. Entry is fruity (white raisins, dried pineapple), off-dry, brown sugar-like; midpalate is peppery, piquant, mineral, drier than the entry. Ends fruity, spicy, full of charm. Excellent value.
